

Smart Building

- Building automation
- Measurement and control technology
- Communication and network technology
- Electrical engineering
- Lighting technology

Energy Systems

- Renewable energy
- Energy management and optimisation
- Electricity and heat storage
- Charging infrastructure for electro mobility

Climate and Water Supply

- Heating, air conditioning, ventilation and cooling technology
- Sanitary and installation technology
- Water technology

Safety, Health and Security

- Hygiene technology
- Indoor air quality
- Security technology
- Fire protection
- IT Security

Planning Solutions

- CAD-Systems
- BIM Building Information Modelling
- Construction documentation
- Virtual Tools

Entrance Halle D

Foyer

Entrance

1st floor – BTA Lab

1st floor – BTA Lab
